

TONY ENNEVER
Operations Manager
Communications Power Corporation (CPC)

Tony Ennever has more than 25 years of experience in the field of electronics, and seven years of supervisory experience. He is currently an Operations Manager at Communications Power Corporation (CPC). Responsibilities include personnel, scheduling of shipments & materials, procedures, testing, customer service and maintenance of facility.

Founded in 1994, CPC is dedicated to providing world-class amplifier technology to the NMR, MRI, MRS, NQR, and EPR markets. CPC's products are designed to provide the best performance for each customer whether the end user application is OEM (Original Equipment Manufacturer) clinical, research institution or industrial/analytical.

Prior to joining CPC, Tony served as a Field Engineer, Manufacturing Engineer and a Technical Operations Manager.

Tony achieved an Associates of Science (A.S.) degree at the Naval Academy, and is completing a Bachelors of Business Management at Farmingdale State College. He also earned a Cisco Certified Network Associate (CCNA). Tony is a proud member of the American Federation of Martial Arts (AFMA).
